Travis Brown

Campaign Finance Analyst

Dear Mr. Brown,

On September 23, 2006 we received a check from the UAW V VAP for \$1,000.00. The UAW had written the check on September 12, 2006 and had designated it for the primary election. That designation was printed on the check.

When we entered it into our system we inadvertently designated that check for the general election along with others we were entering that day which were intended for the general election.

We have redesignated the 9/23/06 check from the UAW V CAP as being for the primary election.

Marlys Matuszak

Treasurer
